to Whom It May Concern:

This letter is to certify that Vincent Vlk has been employee here at VNET a.s. as Senior Network Engineer for past seven years from 2012 - 2019.

He has been a pleasure to work with, bringing his attention to detail and professional expertise in computer networking to every project. He is network engineer with 10+ years of experience in designing and implementing complex network solutions in service provider environments. He has been member of our L3 network team participating on company core network design and collaborating on building company datacenters network.

As a Senior Network Engineer, his duties during that time has included:

- responsible for complex IP/MPLS based network infrastructure
- design and implementation datacenter networking and interconnection
- design of a Fiber to the Home FTTH access network based on GPON
- troubleshooting most complex network issues (L3 support)

Vincent is one of the most talented young man in IT field I have ever met. His communication and people skills are excellent, and he has some very innovative ideas. Vincent has been a great asset to our company and I can highly recommend his for the opportunity that you have available.

If you need any additional information, please contact me.
